Book File Details:

Review: It was a rather fascinating read. It was a great combination of lessons from both anatomical and spiritual perspectives. One thing that confuses me though is from some parts I've read, the author of the original book seems to have a belief in God. It seemed to be a far cry from what I expected in anything relating to occultism (and not so much from...

Description: Occultism for Beginners is one of the most comprehensive and interesting works of the corpus of Theosophical literature. Detailing the biological, chemical, and radiological evidence for the spiritual in man, it fuses eastern and western occult practice. While some of the knowledge it contains is dated now, it is at once a fine example of early 20th...
